Whenever I see the hunter biden pics I'm reminded from that line from the silence of the lambs ... seems almost desperately random.

Or from minority report ... an orgy of evidence

I'm not saying that hunter isn't guilty ... but this was obviously sat up by someone to make it the most embarrassing pics possible

Biden is not only dirty but he is careless ... and I would rather have a good supervillain than a comically inept side quest villain

But seriously, what could happen? The vote gets blocked, so what? Is it to allow time for things to flip? The courts won't give us any heed, our system is so fucked. Makes me so depressed man. We already had the Antrim Country report, that went nowhere despite the evidence. The audit in Georgia is fucked, and seems like its going nowhere as well.
